Notes:

- Of the 198 filled CSHO positions, there are 11 Senior Safety Engineer (SSE) positions in District Offices. The SSEs are to spend 50% of their time on District Office administrative matters and 50% of their time conducting compliance inspections. Therefore, the number of **CSHOs available for field inspections is 192.5 CSHOs.**
- There are **48 vacant CSHO positions.** Five Senior Safety Engineer (SSE) positions are vacant in the American Canyon, Fremont, Oakland, Los Angeles and Monrovia District Offices. Because SSE positions can only be filled by internal promotion, current Safety Engineers/compliance officers will be promoted and the resulting CSHO vacancy will

need to be backfilled. Two of the three SSE/District Manager positions in Mining & Tunneling (Region V) are vacant, as is the M&T training manager position.

- DOSH has a **vacancy rate for CSHO positions of 19.5%** (48 vacancies in 246 positions). The total number of positions in January 2020 is 246 (filled and vacant) – three less than November 2019 and five less than July 2019.
- There are two Regional Manager vacancies: the Region III Manager in Santa Ana and the Region VI Manager supervising the High Hazard and LETF units. Because RM positions can only be filled by internal promotion, a current DOSH employee (usually a District Manager) will be promoted and the resulting two vacancies will need to be backfilled.
- There are five District Offices without a District Manager: San Bernardino, Sacramento, Long Beach, LETF/Santa Ana and Santa Ana. In these District Offices, a CSHO must serve as Acting District Manager, so those offices effectively have one additional CSHO vacancy as the ADMs do not conduct field inspections.
- **Some enforcement District Offices are particularly hard hit: Fremont has 6 of 11 CSHO positions vacant (55%); San Francisco has 4 of 8 positions vacant (50%); Oakland and Santa Ana both have 33% vacancies and Santa Ana has no District Manager.**
- Overall, **Region I (San Francisco Bay Area) has a CSHO vacancy rate of 40%**, and Region III (San Diego/Santa Ana/San Bernardino) has 3 of 4 District Manager positions vacant and the Regional Manager position is also vacant.
- The California Employment Development Department (EDD) reported the Californian civilian labor force in November 2019 as 19,492,200 workers. The 192.5 field-available filled CSHO positions represents an inspector to worker ratio of 1 inspector to 101,258 workers. **Cal/OSHA’s inspector to worker ratio of 1 inspector to 101,000 workers is much less health protective than Washington State’s ratio of 1 to 25,000, and Oregon’s ratio of 1 to 22,000.** [These non-California ratios were cited in the Department of Industrial Relations’ Budget Change Proposal of January 2015.]
- **In 1980, Federal OSHA had a ratio of 14.8 CSHOs per million workers. Forty years later, Cal/OSHA has a ratio of 10.1 CSHOs per million workers.**
- The 192.5 field-available CSHO positions are also below the number of California Fish & Game Wardens (250) currently working in the field.
- The 192.5 field-available CSHO positions also include 13 CSHOs who are in training (SET, TAU, T&D, Junior SE) and usually do not conduct independent inspections alone.
- Each unfilled CSHO position represents \$150,000 annually in salary, benefits and operating costs that were funded under previous and the current state budgets. **Lost DOSH resources due to unfilled CSHO positions between July 2015 and June 2019 totaled more than \$18.4 million.**

Additional Note:

As of December 2019, there are only 28 field CSHOs who receive bilingual pay, after passing a proficiency exam in speaking languages other than English, as listed below. It is estimated that 5 million of the state's 19+ million worker labor force speak languages other than English, with many monolingual in their native tongue. Please see the December 2019 DOSH Bilingual Pay summary chart for full details.
