Labor Enforcement Task Force	9 CSHOs	2 positions	1 CSHO	1 CSHO
PSM units – Refinery:	6 CSHOs	4 positions	None	None
Non-refinery:	8 CSHOs	7 positions		
Retired Annuitants working as CSHOs (only 50% time)	3 CSHOs			
CSHO positions [257 total]	157 filled	100 vacant	14 bilingual	6 IHs
Plus 50% time of District SSEs	15 SSEs			
Field-Available inspector FTEs	163 CSHOs			

Notes:

- Of the 157 filled CSHO positions, there are three “Retired Annuitant” (RA) rehired staff working as CSHOs in District Offices. RA positions are temporary, part-time positions and RAs are limited to 960 hours per fiscal year (half time). However, there are 15 Senior Safety Engineer (SSE) positions in District Offices. These SSEs are to spend 50% of their time on District Office administrative matters and 50% of their time conducting compliance inspections. Therefore, the number of **CSHO FTEs available for field inspections on May 1, 2024, is 163 CSHOs.**
- There are **100 vacant CSHO positions.** DOSH has a **vacancy rate for CSHO positions of 39%** (100 vacancies in 257 positions).
- The April 30th DOSH Organization Chart also noted that there are an additional 11 vacant CSHO positions held in reserve but fully funded by the 2021/22 Budget Change Proposal. If these 11 vacant CSHO positions are included, then there are **111 CSHO vacancies.**
- The California Employment Development Department (EDD) reported the California civilian labor force in May 2024 as 19,338,900 workers. The 163 filled CSHO positions represents an inspector to worker ratio of 1 inspector to 118,643 workers. **Cal/OSHA’s inspector to worker ratio of 1 inspector to 118,000 workers is much less health protective than Washington State’s ratio of 1 to 26,000, and Oregon’s ratio of 1 to 24,000.** [These non-California ratios were cited in the April 2024 “Death on the Job” report.]
- There are **four District Offices without a District Manager** in Fresno, Los Angeles, Monrovia, and Van Nuys. In these District Offices, a CSHO must serve as Acting District Manager, so those offices effectively have one additional CSHO vacancy as the ADMs do not conduct field inspections.
- **Two District Offices have zero clerical staff** – Los Angeles and Concord PSM – which means CSHOs must spend time doing administrative work.
- **Eleven enforcement District Offices have CSHO vacancy rates at or above 40%** -- Santa Ana (73%), San Francisco (66%), San Bernardino (64%), Fremont (64%), American Canyon (55%), Bakersfield (50%), Long Beach (50%), PSM Non-Refinery (47%), Sacramento (45%), Fresno (42%), and PSM Refinery (40%).
- **Three more District Offices have CSHO vacancy rates between 33% and 40%** -- Foster City, Oakland, and San Diego.
- Overall, **Region III (Santa Ana) has a CSHO vacancy rate of 55%, Region I (San Francisco Bay Area) has of 50%, and Mining & Tunneling (Region V) has**

a 43% vacancy rate. Region III has no Region Manager as well as the 55% CSHO vacancy rate.

- The DOSH Org Chart indicates that **14 field CSHOs are “bilingual.”** Region II (Central Valley) has no bilingual CSHOs in the field. It is estimated that 5 million of the state’s 19 million worker labor force speak languages other than English, with many monolingual in their native tongue.
- **In 1980, Federal OSHA had a ratio of 14.8 CSHOs per million workers. Forty-four years later, Cal/OSHA has a ratio of 8.4 CSHOs per million workers.**
- The 163 field-available CSHO positions are also below the number of California Fish & Game Wardens (approximately 250) currently working in the field.
- The 163 field-available CSHO positions also include three CSHOs who are classified as in training (SET, TAU, T&D, Junior SE) and who technically do not conduct independent inspections alone.
